

# Contracts to Meet Your Professional Services Requirements

## Buying Professional Services through the Multiple Award Schedule or OASIS

GSA offers two contracts that can meet any professional services requirement regardless of complexity and scope: the Professional Services under the Multiple Award Schedule (MAS) Professional Services Category and One Acquisition Solution for Integrated Services (OASIS).

Add value to the acquisition process by saving time and costs to focus on your mission needs. MAS Professional Services Category and OASIS reduce procurement lead times and administrative costs commonly associated with acquiring professional services. Leverage GSA contracts to meet small-business goals and maintain regulatory compliance while capturing spend under management (SUM) contract credit.
